

Wind Machine™ Helpful Hints

FEATURES

- Adapts Yamaha™ Breath Controllers to MIDI
- Supports 8 continuous controllers
- 16 MIDI channel operation
- "Set and forget" programming

APPLICATIONS

- Perform more expressively
- Imitate saxophone solos more closely
- Control synth-brass swells
- Use Aftertouch during chord changes

OTHER PRODUCTS

POCKET MERGE™

An extremely useful tool that allows you to connect two MIDI cables into a single input of any MIDI device. Allows two players to share one synthesizer.

POCKET MAPPER™

Remaps controllers allowing unconventional modulation capability. Mod Wheel could be mapped to Breath Control or vice versa! 15 MIDI controllers ie. Pitch Bend etc. supported.

STUDIO MERGE™

Rack mountable device that merges up to 8 MIDI devices to one input. All inputs are "on line" at all times. Better than a patchbay!

POCKET PEDAL™

Allow any volume pedal or footswitch to become a MIDI modulation source on any or all channels. Great for real-time control of MIDI effects units!

POCKET CURVE™

Add velocity scaling to any MIDI keyboard controller! Select from 18 preset curves and 6 constant velocity outputs. Ideal for increasing a DX-7's MIDI output level.

POCKET MAC™

An economical version of POCKET PLUS designed as a Macintosh™ MIDI interface without the merging capability. LEDs indicate MIDI activity.

POCKET FILTER™

Removes unwanted data from the MIDI stream. Different data can be filtered on different channels at the same time. Channelize older synths that receive in Omni mode only!

POCKET SEQUENCER™

16 Track small wonder! 6000 note capacity, quantization, overdub and punch-in ensure that your ideas become reality. 256k RAM card included.

POCKET CHANNEL™

Convenient MIDI channel re-mapper updates older keyboards to send on any or many MIDI channels. Can also filter selected channels or allow velocity cross-switch capability.

POCKET SYNC™

"Smart FSK" to MIDI tape sync device. Chase locks to tape just like SMPTE only less expensive and less complicated. Jam Sync mode overcomes dropouts.

MIDIMATCH™

Run MIDI control signals over long distances using ordinary XLR audio cables! Studios wired for XLR cables need not add any new wiring to add MIDI.

SMP-7™ & SMP-16™

19" rackmount SMPTE synchronizers / patchbays featuring a Mac interface and 6 way real time control section. The SMP-16 also has a 16X16 MIDI controlled audio patchbay.

POCKET PLUS™

A Macintosh® computer to MIDI interface with Pocket Merge circuitry built-in. Provides power to other Pocket Products. (Most interfaces do not)

POCKET TRANSPOSE™

Allows quick and easy semitone or octave transposition of all MIDI channels while performing. Also, each MIDI channel could be transposed to a different key +/- five octaves.

POCKET THRU™

Expands the MIDI outputs of your system. Prevents problems caused by "daisy chaining". Buffer circuitry cleans up MIDI data. A must for any multi-synth studio.

WIND MACHINE™

Finally a universal Breath Controller interface! Works with the Yamaha® breath controllers so that you can add more expression to synthesizer performance.

POCKET SPLIT™

Splits any MIDI keyboard into an 8 zone controller. Any and all MIDI channels can be sent from any zone. Special "Floating Split" point follows two-handed playing!

POCKET PANIC™

Stops "Hung Notes" fast. Sends All Notes Off command as well as individual note-offs for each note. Can reset controllers or filter out the All Notes Off command if desired.

POCKET RECORD™

Scratchpad one track sequencer allows for music creation "on the fly". Will accept a 16 channel sequencer dump as well as system exclusive in a compact device.

LIMITED WARRANTY

Creation Technologies Inc. warrants this product to be free from manufacturer's defects for a period of ONE YEAR from the date of purchase. This warranty is void if the unit is opened or tampered with, if the unit is immersed in any liquid, or if the unit is connected to any device that does not meet standard MIDI specifications. Should the products prove to be defective within the warranty period, Creation shall repair or replace the unit at our election and sole expense (with the exception of shipping charges, which Creation will pay one way). Creation makes no other warranties, express or implied, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. In no event shall Creation be liable for loss of profits or benefits, indirect, special, consequential, or other similar damages arising out of any breach of this warranty or otherwise.
