Whether you're just getting your DJ rig together, or you're looking for an extremely easy to operate mixer, the NOX101 DJ Mixer was designed specifically for you. Make no mistake about it, the NOX101 is anything but a "bare bones" mixer. Professional features include a balanced Mic Input with our exceptional XENYX Mic Preamp, recognized by audio professionals all over the world for their transparency and low-noise, high-headroom performance; super-smooth Ultraglide VCA Crossfader and channel faders, with up to a 500,000 cycle lifespan; premium-grade phono preamps and massive connectivity. The NOX101 packs all this and more into a rugged, "built-like-a-tank" chassis designed for years of flawless performance.

Get Connected

Designed with both the professional and entry-level DJ in mind, the NOX101 provides RCA Inputs for turntables, tapedecks and CD players, plus professional-grade features, such as a balanced TRS Mic Input with our legendary XENYX Mic Preamp, and balanced (as well as unbalanced) outputs for connecting to power amps or active loudspeaker systems.
