

# Coliseum C165W

100-watt Ceiling Speaker

## Features:

- ▷ **60-watt 6.5-inch Ceiling Mount Speaker**
- ▷ **Coaxial 6.5-inch woofer and 3/4-inch titanium coated tweeter**
- ▷ **70-volt taps at 7.5, 15, 30 or 60-watts**
- ▷ **100-volt taps at 15, 30 or 60-watts**
- ▷ *100 to 20,000 Hz Frequency Response*
- ▷ *Screw Terminal Inputs*
- ▷ *Aluminum / ABS Plastic Cabinet Construction*
- ▷ *Two-year Unconditional Warranty\**

*\*Warranty valid in Canada and the United States only*

## Overview:

The C165W is a 60-watt 6.5-inch high performance ceiling mount loudspeaker. Ideal for any background music or paging system where superior sound quality is a priority, this speaker is made for louder club or restaurant / retail environments. Featuring an innovative design and employing high quality materials, the C165W maintains excellent performance from a compact ceiling loudspeaker. The C165W contains a coaxial 6.5-inch woofer and 3/4-inch titanium coated tweeter. Built in 70-volt taps at 7.5, 15, 30 or 60-watt operation means that high fidelity full range sound can be achieved over an extremely wide coverage pattern area. Virtually any 70-volt amplification or paging system, including the Coliseum CA1 or CA1T can drive the C165W.

## Coliseum Mini Series Overview:

After years of experience with enclosure design, it was logical for Yorkville to apply its knowledge to the design of a range of speaker cabinets that have been specifically designed for small-scale installation purposes. The knowledge that we gained while developing the TX, élite, Pulse and Performance series enclosures was applied to yield a series of practical yet cost effective installation enclosures.

All enclosures and grilles can be easily refinished and many have the option of coming in either a black or white finish. Designed for fixed installation or live use, the Coliseum Mini Series like the C110, C170 and WM5T have a complete list of features that make them an extremely good value. The practically configured C110 incorporates a multi-tap 70V transformer for fixed installations while the waterproof C120 is perfect for indoor or outdoor application as a loudspeaker or can be mounted on a microphone stand as a mini monitor. The WM5T in-wall speaker is a clean, high performance solution that is sure to solve space constraint issues. Basic mounting hardware is included with most models.

### C165W Specifications:

Model	C165W
TYPE	Ceiling Speaker
SYSTEM	Full Range 'Pot Light'
PROGRAM POWER (watts)	60
IMPEDANCE (ohms)	70V Transformer / Passive 8Ω
SENSITIVITY (dB @ 1W/1m)	92
FREQ. RESP. (+/-3dB)	100 - 20k
WOOFER	6"
TWEETER	3/4"
INPUTS	Screw Terminal
CABINET CONSTRUCTION	Aluminum / ABS Plastic
STANDARD COLOR	White
OPTIONAL COLOR	-
STANDARD HARDWARE	Ceiling Mount Clips
OPTIONAL HARDWARE	-
70V TRANSFORMER TAPS	2.5W / 5W / 10W
DIMENSIONS (DxWxH inches)	10 (Diameter) x 7 (Depth)
DIMENSIONS (DxWxH cm)	25 (Diameter) x 18 (Depth)
WEIGHT (lbs / kg)	7.3 / 3.3
